

SCHOLARSHIP APPLICATION

Huawei Technologies (Thailand) Co., Ltd.

I. Eligibility

- 1) The applicant shall be Thai citizens.
- 2) The applicant shall enroll as full-time student at the Faculty of Engineering, Chulalongkorn University in one of the following programs:
 - The 3rd year of bachelor program at the Department of Electrical Engineering, or at the Information Communication Engineering program (ISE); or
 - The 1st year or the 2nd year of master program at the Department of Electrical Engineering in Telecommunication & Networking Cluster, Data Analytics Cluster, or Intelligent System Cluster.
- 3) The applicant must have a minimum cumulative grade point average (cumulative GPA) at the end of the semester or work experience as follows:
 - have a minimum of 2.75 cumulative GPA during the study in the bachelor program; or
 - have a minimum of 3.00 cumulative GPA during the study in the master program; or
 - have some experience in networking or information technology (IT) related work
(e.g., being network/computer administrator, being participants of networking/IT skill competitions, or holding professional certificates of networking/IT skills) and show professional promise for their research and creative achievement.
- 4) The applicant must have a good command of English.
- 5) The applicant must not receive other funded scholarship award.

II. Terms & Conditions

- 1) The scholarship recipient shall only be eligible to receive the scholarship only once.
- 2) The duration of scholarship shall be covered for maximum 2 years (4 semesters).
- 3) The scholarship recipient shall take on internships for the following periods:
 - 2-week internship program at Huawei Technologies Co. Ltd. in China around August each year; and
 - 4-week internship program at Huawei Technologies (Thailand) Co. Ltd. (upon student's available schedule and shall be specified by both parties). Additional Internship allowance 500 THB/day will transfer to student's bank account after finishing internship program.

If the scholarship recipient cannot take internship at Huawei Technologies Co. Ltd. and/or Huawei Technologies (Thailand) Co. Ltd., he/she has to explain the reason to the scholarship committee. If the committee decides not to continue the scholarship, the decision is final.

4) The scholarship recipient will apply to work for Huawei Technologies (Thailand) Co. Ltd. as an employee after graduation. The salary and benefit scheme shall be set up by HUAWEI.

5) In order to continue the scholarship, the scholarship recipient must maintain good academic standing for scholarship purposes. The scholarship committee will renew the scholarship for every new academic year until the scholarship recipient graduates bachelor's degree or master's degree. The continuing scholarship recipients are required to maintain a minimum grade point average as below;

- a minimum of 2.75 cumulative GPA during the study in the bachelor program; or
- a minimum of 3.00 cumulative GPA during the study in the master program

6) If the scholarship recipient does not meet GPA requirement, he/she has to explain the reason to the scholarship committee. If the committee decides not to continue the scholarship, the decision is final.

7) The scholarship is subjected to change and be cancelled if any of the following conditions apply:

- The scholarship recipient has knowingly provided incorrect or false information.
- The scholarship recipient's student status has been on hold or terminated.

III. Selection for Scholarship

1) Number of scholarship recipients: 5 students

2) The Scholarship Committee consists of representatives from Huawei Technologies (Thailand) and representatives from CU by Faculty of Engineering. After screening the applications, the Scholarship Committee shall select shortlist candidates for the final interview.

3) Selection criteria include the following.

- Academic achievement
- Statement of career objectives
- English communication skill
- Personality
