Remarks:

Once you have been nominated to a partner university, you are required to complete the university's application as an exchange student.

Each university has a different application process. You will be suggested to apply via one of following processes:

1. **Online Application** – Application and required documents should be uploaded electronically by the student.
2. **Email Attachment** – Application and required documents should be attached in the email and submitted to the partner university by ISE.
3. **Hardcopies Post** – Application and required documents should be posted to the partner university by ISE (home university).
4. **Online Application and Hardcopies Post** – Application and required documents should be uploaded by the student and the originals will be posted to the partner university afterwards.

As of March 15th, 2018
